Observations... From Around Town

(BY JAY WHOZIT)

Before we forget, we want to take this opportunity to welcome a new member of the news-writing fraternity—Mayor Warren Carver, made his debut as a newspaper columnist last week with the Echo's new column, "OUR TOWN," in which the Mayor will keep the public posted on happenings within the City administration and around town, which they would not otherwise know and here's hoping you don't miss about... a very good idea, Mayor, even one week... plans for the annual Carnival Ball, which will be held on Friday, February 25th, are going forward steadily, with work already begun on the decorations, secretly, of course, to avoid letting anyone know in advance the theme of the ball... Sister Mary Cornelius, of the Sisters of St. Joseph, who died recently, in New Orleans, had spent more than twenty-five years as a teacher here at St. Joseph's... to those who seem to be unduly alarmed about the numerous reports of Scarlet Fever throughout the County, we understand from Dr. Shipp, county health officer, that there is absolutely no cause for alarm, as there are very few cases in the county at present, and it is our belief, further that people should not spread false rumors about such things, as they do not help the situation, instead they make it worse... we are not given to bragging about the weather, we may as well do a little ourselves, because while other parts of the country are suffering untold misery from the worst winter weather in history, we like other parts of the South are having summer in January, with temperatures around the 80 mark, beautiful sunshine... just how long it will last, we don't know, but we are certainly enjoying it while it lasts... again, we may remind you that this is tax-paying time and it will be well to get yours paid before the deadline, which is February first... remember last week, Mayor Carver, we asked that you not get peeved when we make suggestions... well, we want to tell you what a nice thing you are doing putting that rose garden in front of the city hall and cleaning up the lawn—BUT, while you are doing this you might also spend a few more dollars for a few pieces of lumber, some nails, and some white paint, and repair the front of the city hall, giving it a much neater appearance, and thereby setting an example for the citizens of our town to follow in cleaning up their own yards and buildings, because after all, we should practice what we preach... Al Voight says to be sure to see the New 1949 Chevrolet, which should be on display at the Gulf Chevrolet by next week, it's a honey... The Board of Supervisors have ordered the engineering work to be done on the seawall... it was understood at a meeting held with the committee from the Chamber of Commerce, State Highway Commissioner John D. Smith and the Board of Supervisors, that the State would make the survey... it developed that someone did not know the difference between remembrance and recollection so the burden was shifted to the Board who very promptly ordered it made... just a suggestion—the signs of the 1947 hurricane are still on Highway 90 where the building which was to house the new freezing plant was blown down—clearing up this spot would certainly add much to this particular locality, and perhaps encourage others to clean up—how about it boys... the children of Bay High are receiving some police protection when crossing the highway to go to their playgrounds during recess periods and at the noon hour... Mayor Carver tells us that he will remove the light at the corner of Washington and Hancock St., and place it at the bridge and the beach front... you are on the ball son... thanks for adjusting the light at Second St., it is properly timed and gives an opportunity to cross under the green light.

Rogers R. Reinke Qualified As Rifle Sharpshooter

Parris Island, S. C., Jan. 5.—Marine Pvt. Rogers R. Reinke, son of Mr. and Mrs. W. Reinke, of 525 Carroll Avenue, Bay St. Louis, Miss., qualified as a rifle sharpshooter when he fired for record here on the rifle range recently. His score of 295, out of a possible 340, will earn him a three dollar monthly increase in pay.

A former student of St. Stanislaus he enlisted in the Marine Corps on Oct. 25, 1948 and is currently undergoing recruit training with platoon 245 here at the Marine Corps Recruit Depot.

Regular Meeting of Hancock County Chamber of Commerce Held Tuesday Night

The regular meeting of the Hancock County Chamber of Commerce was held Tuesday night, January 11, 1949 at the courthouse in Bay St. Louis. President Ted T. Robin, presided, with Howard LeTissier acting as Secretary in the absence of the secretary Miss Amelia Manieri.

The Chamber of Commerce at this time has a membership of 163. At the meeting of Tuesday night 47 members were present.

Mr. Ed. P. Orte, President of the Board of Supervisors of Hancock County, reported to the meeting the progress being made on the survey for the repair of the Beach Front. He also brought out the work that is presently being done on the roadway, by the County crew, which is being paid out of the road funds allotted to Beat Five. Under the plan set up by the Board of Supervisors for the division of funds for road maintenance, \$10,000.00 is the amount allocated to this beat, and Mr. Orte is using part of his maintenance money for this necessary repair work.

At the December Meeting the association voted to have the President and Board of Directors name a civic affairs committee, and President Robin, advised the membership that this committee had been selected and the following members were named: John J. Kelleher, Octave Delph, Dan M. Russell, Jr., Joe Burrow, and T. T. Robin.

At the meeting on Tuesday night it was voted upon the motion by Mayor Warren J. Carver that an Industrial Committee be named. The membership will be advised at the next meeting as to its personnel.

It was voted that a banquet honoring the newly elected City Officials would be sponsored by the Chamber of Commerce, and a committee will be named for this purpose. The committee will select the time and place.

Mayor Warren J. Carver gave a report of the work of the City Officials and promised to give a more detailed account as soon as they were able to ascertain the necessary figures.

MRS. THEODORE TUDURY HOSTESS TO LEGION AUXILIARY

Mrs. Theodore Tudury was hostess to the American Legion Auxiliary Unit 139, at the January meeting held on Monday night with sixteen members present. Mrs. Warren Carver, President of the Auxiliary presided.

Each member has been given a membership quota and all are supposed to bring in as many members as they can secure and the one bringing in the greatest number will receive an award. The contest closes on April 11.

The unit voted that a committee would be appointed to report on sick members and to arrange snows for members who are being married and for members who are expectant mothers.

The unit will present a deceased veterans flag to the Waveland public school.

Mrs. W. L. Bourgeois made an appeal for a layette for a needy family which the members of the unit will make and send.

January is National Security and Legislation month and Mrs. Louis Pate talked on National Security. She was named chairman for February which is Americanism month.

The unit will entertain the Veterans from the Gulfport Hospital January 25th at the home of Mrs. L. B. Pate, and the February meeting will be held there.

Following the meeting refreshments were served.

Miss Lucille Gabbett Athletic Director At Bay High School

Miss Lucille Gabbett has assumed her position as the Girls Athletic Director at Bay High School. She succeeds Mrs. Ellis Gullory, who resigned due to her health. Miss Gabbett, who is from Camp Hill, Alabama, received her B. A. with a major in physical education from the University of Alabama.

W. B. A. Meeting

Regular monthly meeting of W. B. A. was held at the home of Mrs. Nellie Nelson on Monday night, Oct. 25, 1948 and is currently undergoing recruit training with platoon 245 here at the Marine Corps Recruit Depot.

The Mississippi Coast Council is an organization of the Chambers of Commerce of Pascagoula, Ocean Springs, Biloxi, Gulfport, Pass Christian, Bay St. Louis, Long Beach, Piquette, Wiggins and Lucedale. Organized for the purpose of representing South Mississippi. It is doing splendid work in the advertising of this section of Mississippi.

The members of the Hancock County Chamber of Commerce are invited to attend the meeting and dinner. Reservations may be made at the hotel at \$2.00 per plate.

Rev. Charles R. Johnson Preaches Initial Sermon

REV. CHARLES R. JOHNSON

Rev. Charles R. Johnson preached his initial sermon, as rector of Christ Episcopal church, on Sunday, January 9.

Rev. Johnson was severely burned on October 17 in his study as he was going over his sermon notes for his first sermon at the local church. Gas exploded burning him about the face and hands and he was taken to Touro Infirmary, New Orleans for treatment. He was discharged from the hospital last week and has assumed his pastoral duties.

ONE MILLION DOLLARS FOR CANCER RESEARCH PAID BY GM DEALERS

For several years General Motors Dealers Nationwide have been large contributors to Cancer relief and research funds. During December just passed General Motors Dealers formed a Sloan Cancer Fund Association in honor of Mr. Alfred P. Sloan, Jr., General Motors Board Chairman who has stood at the head of GM and its organization of dealers and is highly honored by all dealers and employees.

Al Voight is the Hancock County chairman for the Sloan Cancer Fund Association and has been notified that during the month of December, 1948 \$1,000,000.00 was paid into this Cancer fund by GM dealers and it is expected that another million dollars will be paid into the fund by remaining dealers who have still to make their donations.

March Of Dimes Campaign Fund Drive For National Foundation Infantile Paralysis On In County

The March of Dimes campaign for Hancock County has been launched and some very bare facts are facing us, as the committee in charge of the work starts its drive. Two appalling evident truths are that the dread disease, Infantile Paralysis or Polio is spreading and that as yet there is no known cure. Bay St. Louis had very little of it however no assurance that it won't. When the disease was raging in other parts of the United States the National Foundation requested financial aid from the counties and 42 counties in Mississippi responded. Hancock County gave \$1,500.00 to the National Fund and this money set aside for local use should be replenished. Think these facts over and be prepared to answer your county's call for funds for the 1949 campaign.

Mrs. Theo Tudury, Hancock County March of Dimes Fund campaign director, called a meeting at her home on Tuesday afternoon and outlined the campaign which opened this morning.

Attending the meeting were Miss Julia Blaize who will handle the work for Bay High School; Mrs. D. M. Russell, assistant to the campaign director; Brother Linus who will be in charge of collections at St. Stanislaus; Ralph Kirst and Robert Johnson from the Mercantile Bank and Trust Company, in charge of local business houses and Miss May H. Edwards, publicity chairman. Several other chairmen were unable

to be present but necessary literature etc., was sent them.

It was voted by the committee in session that the organization would purchase the brace for a child from this city who has been in Charity Hospital for six months and who is unable to walk, without the aid of a brace.

Mrs. Tudury made a strong appeal for cooperation and assistance in this work and said she hoped that the amount raised would exceed that of 1948.

Quoting Basil O'Connor, national foundation president who says "Between research and care lies a great gap—lack of money. It is imperative that we abandon neither of these prime objectives. Consequently, the American people will make but one decision—and that is that both jobs must be done and must go on simultaneously." Mrs. Tudury gave further reasons why this drive should go over in a big way; Polio is on the increase in the United States, and the National Foundation's obligations to patients have increased in proportion; Costs of care and treatment have soared enormously; It is not the case toll of any one year but the cumulative total that imposes a terrific burden; The National Foundation's research and education programs must not only be continued but strengthened and increased, if we are finally to win complete victory over infantile paralysis.

This is the Hancock County unit's cry to you and they are confident that you will not be found wanting.

Relay Races for County Schools to be an Athletic Innovation in this Section of the Country

Something new in the line of Athletic Competition for the Public Schools of the County will be inaugurated here Tuesday, February 22, in the shape of Relay Races. Relay Races at ordinary track or field meets are standard events, but this will be different as these races will really be Cross Country events run in relays. Such races are rather common up East and are very popular in Europe where they are run from one town to another, the distances often being as much as 100 miles. In such events the teams carry as many as twenty men, each contestant running 5 miles. The runners carry messages of greetings from the Mayor of one town to the Mayor of the town in which the race ends and of course the team wins whose last lap runner delivers the message of greetings.

In the races here, there will be two groups of runners, boys from the County High Schools, Kiln, Bay High, Sellers and Dedeaux, from the Elementary Schools, boys from Aaron Academy, Logtown, Lake Shore, Clermont Harbor, Waveland, Catahoula and Leetown. The High Schools will cover a distance of 10 miles, ten contestants from each school each running one mile. The Elementary Schools will cover 2 1/2 miles, ten contestants from each school, each runner running 1/4 mile. The tentative routes will be as follows:

High Schools Race starts on Kiln Road, approximately five miles from the School there, down Kiln Road, Cross Highway 90, to Old Spanish Trail, thence to Main St., and the finish to be at the Court House.

Elementary Schools Race starts on Old Spanish Trail, 2 1/2 miles out, on to Main Street and the finish to be at the Court House.

Each runner will carry a Relay Baton, in which will be a message of greetings from the Member of Board of Supervisors in his beat, to be delivered at the finish to the President of the Board, Mr. Ed Orte, either in front of the Court House or on the steps thereof.

This race is being sponsored by the County Board of Supervisors and will be an annual affair for the kids of the County. The event will be known as the Hancock County Board of Supervisors' Annual Relay Cross Country Run.

The individual winners of 1st, 2nd and 3rd place will receive Gold, Silver and Bronze Medals, which are being donated by the Board of Supervisors. In addition, Trophies for 1st and 2nd team finishes in both divisions have been donated by The Municipal Administration, Mr. Robert Camors, Mr. Ed Breeland, County Superintendent of Education and a friend of the kids.

There has been lots of enthusiasm shown throughout the County over the prospects of this event not only with the school children but the public in general.

HEALTH DEPARTMENT REPORTS ON SCARLET FEVER

Since the last account given out we have had four new cases of Scarlet fever reported to the Health Department.

We know that in the first two or three days of any infection the disease is most easily transmitted and we anticipated some new cases because so many children had been exposed, the stage was set for it. We have two plans that may be followed in the control of this disease. One is the use of vaccines, this method requires five or six doses given by needle and it takes about two months to immunize a child. The reaction to the vaccine is often very severe and for that reason it is seldom used. The second plan is to quarantine the contacts and isolate the case to prevent none immune from coming in contact with the disease. This plan is safe and satisfactory but it requires the complete cooperation of many people including the family involved.

The chief cause in the transmission of the disease is the unrecognized, undiagnosed and unsuspected case that attends school or other gatherings or walks the street harboring the infection and not feeling the least bit indisposed. After a case has been recognized and tagged it should no longer be a source of danger. One of the greatest errors made in our social life is the family diagnosis and family treatment of any disease. This policy gives the disease a chance to aggravate the patient, become deep seated, difficult to treat, and perchance spread to others. The Health Department advises at this time in case of illness, call your family physician and let him take the responsibility.

Chevrolet Models For 1949 Viewed by Dealers at Fort Worth Texas Showing

Al Voight Gulf Chevrolet Company has just returned from Fort Worth, Texas, where the new 1949 Chevrolet cars and trucks were shown to Chevrolet dealers for the first time at a special showing there.

Al said "Yes I have seen the 1949 models and these new models will be worth waiting for. The latest Chevrolet creations surpass anything built by Chevrolet during or since the war and will be shown in Bay St. Louis soon and will be the finest line of cars and trucks I have ever shown in Hancock County." Mr. Voight said.

Father Toner, with his assistants will have charge of the Relay Race for High Schools and Robert Camors will handle the shorter event from this end. More details of Traffic Control, Buses and cars following the races, etc., will be given to the public at regular intervals.

OUR TOWN

by

MAYOR WARREN CARVER
After only one week in office, we have learned that high on the list of "must" projects is a system of drainage. We can hope to satisfy only a tiny portion of the population by cleaning a ditch here and there.

Very few of our streets are provided with drainage and the culverts under most of those streets are entirely too small. The job up to this point seems to be a mighty big and difficult one. It will require the services of a competent engineer to make a survey of the entire community to tell us exactly what is to be done. That, however, must remain in the "long range" planning status.

On January 6th, a letter was addressed to J. D. Vaughn of the L. & N. Railroad Company requesting that the ditches along the L. & N. right-of-way through Bay St. Louis be opened and cleaned in order to relieve the residents along Railroad Avenue of standing water after a fairly heavy rainfall. Mr. Vaughn responded promptly and informed us that while the L. & N. would clear the ditches as soon as possible such action would not remedy the situation to any great extent.

The property owners along the east side of Front Street in the beach business section have been requested to move all trash, rubbish, old lumber, and other debris from their premises and under their buildings. Compliance with this request will mean removal of dangerous fire hazards and will add to the cleanliness of the community.

A number of years ago the City abolished its Mayor's court and all fines resulting from misdemeanors, such as drunkenness and disturbing the peace, have gone into County funds. It is believed that this source of revenue would be of considerable help in defraying the cost of the Police Department and should be returned to the City. The City jail is in need of some repair but the cost of this repair will be very small. All traffic regulations and parking rules will be enforced.

Work has already begun on the beautification of the City Hall grounds. Improvement will be gradual and the visible results will be slow to be seen, but as time goes on it is hoped that the grounds will be one of the town's showplaces. Another long range plan is the setting up of playground equipment which will be placed at the far end of the City Hall property, and City Park will become a park in reality.

Incidentally, it might be of interest to the readers of this column to know that even larger cities are beginning to realize the value of keeping the public well informed. Mayor E. M. Meggison of Mobile is undertaking weekly radio broadcasts entitled "City Hall Reports." The Toledo, Ohio, Council has announced plans to install a public address system in the Council meeting rooms with individual microphones for each councilman and two speakers to project proceedings to the audience. The Phoenix, Arizona, Council has voted to set up a public relations department and schedule weekly radio programs to publicize City government activity. Bay St. Louis may not be large in area or in population as Mobile or Toledo or Phoenix but at least our ideas are the same.

OFFICERS PRICE AND EGLOFF ARREST CAR THIEF

Constable Gerald Price and City Officer Paul Egloff, received a call from the White Kitchen on Highway 90, south of Pearl River on the Louisiana Side, last Friday, from a party whose automobile had been stolen in New Orleans and who had trailed it to the Mississippi line. The officers started out the Highway and when they reached Watkins restaurant they parked to observe the passing cars, and shortly the car in question came by. They set out in pursuit of the stolen car and when they reached Warners Restaurant, they were finally able to overtake the stolen vehicle and force the driver to the side of the road. The car was occupied by a man and woman, and the man identified himself as Harold Montgomery of New York City.

He confessed to stealing the automobile, a 1941 model Chevrolet in New Orleans. He had changed the license plates to New York license plates at a tourist court where he was stopping. He also stated that he had served several sentences in penitentiaries and that he had only recently been released from Alcatraz for mail robbery.

He and his wife were questioned by the agents of the Federal Bureau of Investigation. He has been released to the Federal Authorities and his wife whom it appears was not implicated in the stealing of the car was released from custody.

Messrs. Price and Egloff stated that it was necessary for them to drive in excess of 100 miles per hour to overtake this car.

INTEREST AT HIGH PEAK

We are indeed amazed, and of course highly pleased at the amount of interest being taken in the Chamber of Commerce. It has been our contention that more could be done for Hancock County by a live, active Chamber of Commerce, than through any other source.

A City and County is measured by the activity of its civic and business leaders. Your Chamber of Commerce is an organization composed of business men. Hence, our City and County will be judged through their leadership.

For a long time the Hancock County Chamber of Commerce has been a quiet and peaceful organization. So quiet and peaceful that it was practically impossible to secure a quorum to have a meeting. During the past two months the attendance has risen from 12 at the November meeting, 37 at the December meeting to 47 at the January meeting, which was held Tuesday night.

Why is it, that the business men of our County are displaying so much interest at this time in the Chamber of Commerce? Is it because a new President assumed office in November? We feel certain that it is not the answer. The men who headed the Chamber of Commerce heretofore were highly capable, and commanded the respect and esteem of every one, yet they received no cooperation.

The membership of the Chamber of Commerce this year is 163 to date, the largest in its history. This was brought about through the efforts of Mayor Warren J. Carver, who was chairman of the membership committee, and who made personal calls on practically every business man in the County, asking that he become a member of the Chamber of Commerce. He urged the needed cooperation of his people to insure a successful administration. There was a ready response to his call.

The membership has apparently come to the realization, that it must become civic minded, and that it must lend its efforts to bring about some much needed improvements, particularly the repair of the Beach front. It realizes that our beach is one of our life lines, and that it brings into our midst the largest payroll in the County. The majority of the people who live on the beach earn their livelihood in New Orleans, and bring their money to this section to spend it.

We too, feel that the membership is at last realizing that an interest in civic matters, pertaining to the welfare of the County or in the City, is not of necessity the bringing of politics into your Chamber of Commerce. They are at last able to differentiate between matters of public interest and matters political. The first, deals with matters of public improvement; the second is a matter of personal interest, and of course should not enter into the affairs of the Chamber of Commerce.

There has been a long felt need for cooperation between City, and County officials and civic and business leaders. It should be an independent cooperation, free from fear, neither subservient to the other. It should be given and received by both in a spirit of good will. It should be constructive and not destructive.

Our young mayor has probably been instrumental in arousing the interest of his constituents to the highest peak they have reached in a long time. From the renewed spirit of pride and interest one may judge that they are ready and willing to lend their cooperation, fully realizing the financial difficulties he and his co-workers, Commissioners Ladner and Bourgeois are facing, with tolerance and patience.

Nevertheless, the eyes of the people of his City are upon him. He is the head of our City Government and as such will be faced with many problems, where he personally will have to render decisions. Decisions which will affect the future welfare of his people and his community, and in these we hope that he will use that honest, God-fearing courage, that we have known as one of his cherished possessions for many years.

If he displays the leadership which we think he has, you may rest assured that he will continue to receive the active loyal support of the officers and membership of a live, wide awake Chamber of Commerce.

Vital Statistics For December

According to Mrs. Eugenia Alliston, Hancock County Registrar of Births and Deaths, there were 26 births and 12 deaths in Hancock County during the month of December. Eighteen of the births were white and 8 were colored. Eleven of the deaths were white and 1 was colored.

Thirteen of the births and 1 death occurred in the local Kings Daughters and Sons Hospital.

Chief cause of deaths for the month was heart disease, with a total of 4. Some of the other causes were cancer 1; pneumonia 2; Tuberculosis 1, and automobile accident, 1.

For a comparison of births and deaths for the years 1947 and 1948, Mrs. Alliston says that there were 300 registered births for this county in 1947 and 284 in 1948. There were 105 deaths in 1947 and 115 in 1948.

Mrs. Alliston also emphasizes that births and deaths among local people occurring outside Hancock County are not listed in this county but in the City and County where the event occurred.

DRUM MAJORETTE

MISS NORMA COLLIER

At the beginning of the football season, the St. Stanislaus Band was without the services of a drum major. Jay Crawford the former drum major moved with his parents to Memphis, Tenn. Miss Norma Collier, former drum majorette at Bay High, who had become a student at St. Joseph Academy, was asked to lead the Stanislaus Band for the St. Stanislaus-Bay High Football game. She performed with satisfaction and was requested by the Director Brother Romuald to remain as Drum Majorette for the football season, or until such time as a boy could be trained to replace her, as she could not lead the band in competition, St. Stanislaus being a boys school.

At the Christmas party given for the St. Stanislaus Band, Norma was presented with a gold locket, which she is shown holding above, in appreciation of her services to the band.

"MEXICAN HAYRIDE"

Comedian Bud Abbott and Lou Costello literally take their legion of fun-loving fans for a riotous ride in their newest and by far their most entertaining Universal-International comedy, "Mexican Hayride," which opens at Ortie Theatre, Sunday and Monday.

The screen comedy is based on the Broadway musical success of the same name which ran for 18 consecutive months at the Winter Garden in New York City and highlights the music of Walter Scharf and Jack Brooks. Oscar Brodney and John Grant co-authored the screenplay.

Strong Supporting Cast

Featured in the film's strong supporting cast are Virginia Grey, in the role of a feminine toreador; John Hubbard as an American diplomat; and Luba Malina, the latter femme menace recruited from the original New York cast of "Mexican Hayride" for her film debut with Abbott and Costello.

Outset of the comedy finds Lou Costello arriving in Mexico City in pursuit of a swindler. Bud Abbott portrays the crook who, having sold Lou phony oil well stock in Iowa, also left the States with the round comic's fiancée, played by Miss Grey.

To Costello's chagrin, he discovers that the girl he had planned to marry is now billed in Mexico City as "Montana," feminine toreador.

Plan Goes Awry

Abbott's pre-arranged plan to have a confederate named "Amigo Americano" and through this medium peddle fake silver mine certificates to the American tourists of Mexico City misses fire at the last moment and the goodwill title falls

MOTION PICTURE FILMS AVAILABLE FOR SCHOOLS

Game and Fish Commission
Sets Up 16mm Film Library
At Jackson Office

Recognizing the need of better knowledge of condition under which game and fish thrive best, the State Game and Fish Commission has established a motion picture film library at the Jackson Office for the purpose of lending films to schools, clubs, conservation leagues and other interested groups.

The library, with over a score of the latest films in sound (some in color), gives accurate information about wildlife and conservation of soils, waters and trees. Films will be sent free of charge to any school, club or group desiring to use them. First announcement of the film library was made late in November and many schools and other organizations have already made use of some of the films. During the month of December a total of 43 different presentations were made from films obtained from the library.

"It is our belief," said Director Freeman of the Commission, "that

use of these films and others which will be added to the library from time to time, will serve to teach our youth and adults the value of conservation of our soils, waters and forests in order to provide good living and breeding conditions for wildlife."

Requests for films should be made direct to the State Game and Fish Commission, Box 451, Jackson, Miss. Transportation costs will be paid by the Commission to the point of delivery. Return transportation costs will be borne by the borrower. A mimeographed guide listing all films in the library with a description of each one is available upon request by teachers, civic clubs, conservation league leaders, etc. Whenever possible film will be shipped to reach borrower on date specified.

NATIONAL SPORTSMAN'S MAGAZINE FEATURES MISSISSIPPI

STORY

"Lots to Do in Mississippi" is the title of an interesting feature article by the veteran outdoor writer Mabry Anderson, of Clarksdale, which appears in the January 1949 issue of "SPORTS AFIELD", one of the outstanding sportsman's magazines published in America. Anderson advises hunters and fishermen in other sections of the country not to take Mississippi hunting and fish-

Federal Automotive Taxes Collected in Mississippi In 1947 Totals \$11,473,996

Jackson, Miss., January 7, 1949 (Special)—Mississippi highway users paid \$11,473,996 to the Federal Government in special automotive taxes in 1947, according to figures made public today by the Chairman of the Mississippi Highway Users Conference, J. W. Reaves.

These taxes, Mr. Reaves pointed out, go to the national government's general funds, whereas states generally depend on their special automotive taxes for highway purposes. More than 600 organizations, including several from Mississippi, have petitioned Congress to end these emergency Federal taxes, which were heavily increased during the war.

The Mississippi vehicle user's biggest payment to the Federal Treasury was in the form of the 1½ cent Federal gasoline tax. A total of \$4,550,947 was paid in just this one tax.

Other payments of these "emergency" taxes were:

Automobiles	\$2,027,959
Trucks	1,304,453
Tires and Tubes	1,904,685
Parts	1,286,746
Lubricating oil	399,206

These figures were compiled by the National Highway Users Conference. They include only those portions of the total collections which are attributed to highway use.

ing as something easy and simple. "It's not for panty-waists," says Mabry.

The article details interesting facts about hunting and fishing in the old Magnolia State, takes a sly dig at the fondness of some hunters and fishermen for "drifkin' liquor, and bemoans the interference of political influence in the administration of policies of the State Game and Fish Commission.

"Don't sell Mississippi short," the writer advises, and reports on activities and programs underway which are designed to bring about better hunting and fishing conditions in the State.

Anderson reveals himself as a camera bug of no mean ability for several of the feature photos in the picture section of the magazine are from his own snap shot library. Other pictures shown are from Tony Rawson, of Biloxi, and Hendrix Dawson of the State Game and Fish Commission.

MISSISSIPPI OIL WORTH MILLION IN 1948

Mississippi's oil fields yielded crude oil worth \$100,000,000 in 1948—more than twice the value of any two previous years and almost double the 1947 dollar value.

H. M. Morse, State Oil and Gas Supervisor, who some months ago predicted the year's total crude sales would top the hundred million dollar mark, said in a year-end survey that when all the reports are in he expects the total to run between \$107,000,000 and \$109,000,000. Monthly production and sales reports, he explained, are always several weeks late since the law allows producers necessary time to compile "field runs" and sales figures.

During the first six months of the year, crude oil sales from Mississippi wells were \$52,000,000 in round figures; shortly thereafter Mr. Morse and the Oil and Gas Board members individually, predicted the total year's sales would easily top \$100,000,000; with October showing the greatest production in history, and at record prices, that total was assured since there had been no drop during other months.

The greatly increased dollar value of the 1948 oil "crop" in Mississippi does not mean that production increased proportionately, Mr. Morse pointed out, adding that it did not; he said price increases which started late in 1947 and continued during 1948 were most responsible, although the state's production did show a steady increase all through the year. Oil and Gas Board figures show the value of oil produced in 1947 was \$61,962,000; in 1948 the value

was \$31,000,000 as post-war price increases had not yet started. Thus the total of the two greatest previous years was only \$93,000,000 (in round figures compared to the more than \$100,000,000 for 1948).

Mr. Morse also pointed out that production the past year was from fields scattered over more counties of the state and thus affected more land owners and more taxpayers—since each county gets one third of the state severance tax on oil produced in fields within its borders; in addition to new fields discovered, several fields struck the year previous were expanded greatly in 1948 with resultant increases in production.

**To The Taxpayers And
Voters Of The Town Of
Waveland**

Do you know that Mr. C. B. Mollere is the Alderman of the second Ward of the Town of Waveland, and the Mollere family operate a Service Station and Real Estate office on Coleman Avenue, and the Town of Waveland purchases up to the amount of \$30.00 to \$50.00 per month of gasoline and oil for their trucks from this station?

Do you know that the Town of Waveland purchased, one tire, one tube 10 gallons of gasoline and greased one truck for the amount of \$82.45 that was paid by warrant No. 3996 from this oil station?

Do you know that this is strictly in violation of the Town charter, as no Town official can supply the Town directly or indirectly with material?

Do you know that this is a violation of the Laws of the State of Mississippi, as all purchases by the Town for over the amount of \$50.00, must be solicited by competitive bidding?

Do you know that there are two other oil stations in the Town that are paying taxes but do not get any of this business?

Do you know that this oil station is assessed on the Assessment Rolls of the Town of Waveland for the amount of \$800.00, while the value of this station is twenty times this much or more?

Do you know that the other oil stations in the Town are assessed on the books for much more than Mollere's oil station, while their value is considerably less?

Do you know that Mollere owns a home on Beach Blvd., in Waveland, that he once stated he refused \$80,000.00 for, while this house which is a three story house is assessed for only \$1500.00?

Do you know that there are other houses on the Beach that are twice as small and are assessed for twice this much or more?

Do you know that you have a small abandoned Ice Depot, near the L&N Railroad Depot that is assessed on the Town books for \$1000.00, while Mollere's new oil station, a going business is assessed for only \$800.00?

Do you know that I am now associated with the Waveland Civic and Political Association, which stands for better government and equalization of assessment, and invite everyone that is interested to become a member?

Keep your eyes on the Sea Coast Echo for more peanut politics, as I intend to continue to expose them.

Looking over their schedule carefully and practicing some nice plays with good passwork, the two Bay St. Louis high schools basketball teams got off to a favorable start in the Gulf Coast Conference on Friday, January 17th. Valena C. Jones high school journeyed to Pass Christian to play Randolph High School of that city. V. C. J's girls came just a little short of the mark as they lost their game 10 to 5. This failed to discourage the boys any, as they have their eyes on the finals in the tournament, so they scattered over the court, outplayed their opponents, rung up a good score and won 29 to 10, with Captain Freddie Wolf Lewis showing up as high point man, making a total of ten goals, twenty points of the winning

29, pleasing Coach Clarence Bell very much. On Monday night, Jan. 10th St. Rose de Lima high school met Biloxi Public High School here in their first conference contest. A little novelty was displayed in the first engagement between the Junior boys' team of each school—St. Rose Juniors made themselves very happy as they won their game 18 to 15. The girls game which followed was quite a contest, with both teams playing very hard to stay out in front, but as time went down the Biloxi girls emerged the victor by a score of 20 to 16. Then

came the outstanding classic of the evening. The contest between the varsity boys' quintet of each school. St. Rose was completely outclassed in height by the Biloxi boys, but they worked those fast plays learned under the training of Coach Ed Isheim, shot with a good eye on the basket, ran up their points with sweet "string music" and won by a score of 36 to 23, much to the pleasure of their coach. "From where I sit"
... by Joe Marsh

William Penn's
Temperance

William Penn, founder of Pennsylvania, was devoutly religious, a strong believer in moderation in all things, particularly when applied to personal habits. To spread his ideas of temperance in his New World colony, he encouraged the consumption of beer. He erected the first brew-house in the state.

Penn's proprietary laws contained provisions for promoting temperance. Beer license fees were kept low as a further encouragement of the sale of the mild beverage. Drunkenness and intemperance were made public offenses and punishable. With beer readily available, there were few cases of intemperance among his people.

To Penn, beer was an aid to moderation. The ideals he expounded on temperance and moderation are still shared by countless other intelligent and fore-sighted Americans today. From where I sit, beer has been considered the beverage of moderation for a long time. American history proves it.

Happier Living Contest For Negro 4-H Club Girls

State College, Miss.—A 'Happier Living Contest for Negro 4-H Club girls of Mississippi, with awards totaling \$1,000 for improved family living conditions, was announced to-

day by L. I. Jones, Extension director. The contest, sponsored by the Gulf, Mobile and Ohio Railroad in cooperation with the Extension Service will begin at once, and is open to all Negro 4-H Club girls of two years or more membership. Prizes include a \$200 high school or college scholarship to the state winner, \$50 scholarship to winners in five Extension districts and \$10 award to county winners. A special award of \$25 will be made to adult leaders of the county having the highest combined score. Judging will be based upon the degree of improvement of "general housekeeping" according to H. S. Johnson, state 4-H leader. Points will be given for improvement in the outside appearance of dwell-

ings, outbuildings, yards and fences and for healthier and more comfortable living conditions within the home.

Purposes of the contest are to create a greater love for home by making it more attractive and convenient, to further educational advantages for Negro girls and to create personal responsibility for an improved citizenship according to Dollye Hunt, Jackson, Negro girls' club agent.

Entrance blanks and record books for the contest will be distributed by Negro home demonstration agents. Records must be completed by October 1.

New Chevrolet for '49

Tested and Proved...

ON THE WORLD'S TOUGHEST PROVING GROUND!

Mile after mile they put it through its paces...
proved its speed, its acceleration, its economy!

Proved on the toughest grades... the new Chevrolet takes hills in its stride. Its power will thrill you.

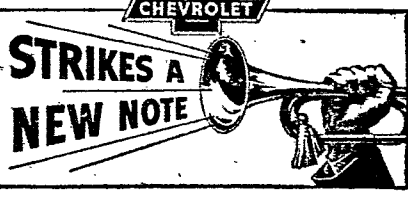

The punishing granite blocks of this "torture trail" PROVED Chevrolet's ability to absorb punishment!

This is where Chevrolet for 1949 was PROVED to be weatherproof and water-proof!

At the General Motors Proving Ground there are men who are experts at *ruining cars!* "Find the flaws... get the facts" is their motto. And so, when Chevrolet for 1949 was delivered to their "tender" mercy, they put it through its paces so vigorously and so thoroughly that there was no chance for basic weaknesses to go undetected. What a break for the buyer!

... instead of an *experimental or untried* car, he gets a car that has **PROVED** economy, **PROVED** stamina, **PROVED** comfort, **PROVED**, handling-ease! Only Chevrolet, in the low-priced field, has passed through the rigors of the "World's Toughest Proving Ground" and comes to you thoroughly **TESTED**, thoroughly **PROVED** and thoroughly **APPROVED!**

St. Stanislaus Junior And Varsity Basketball Team Win From Notre Dame

Four Events Scheduled For Next Week—Meet Brooklyn Monday Night in Boxing Match—G. C. M. A. on Thursday Night—Double Header in Basketball Game With St. Martin Tuesday Night, and G. C. M. A. Friday Night

An Thursday night the St. Stanislaus Junior Basketball team defeated the Notre Dame Juniors 27-21 in a hot game. The Baby Rocks were able to score almost at will with Denis scoring 18 points to be high man.

The Rockchaw Varsity scored an easy 37-22 victory over Notre Dame and by doing so announced to every one concerned that they will be strong contenders for County and Regional basketball honors.

Charley Ladner was high scorer with 12 points, followed by Joe Davidi with 7.

Next week the Rockchaws put on 4 big events for local fans. They start Monday night, January 17, with a boxing match with Brooklyn. On Tuesday, Jan. 18 a double header basketball game features the Rocks and St. Martins. On Thursday, Jan. 20, GCMCA furnishes the opposition in another boxing match and are here again Friday night for a basketball game.

This will furnish local fans a week of real athletic entertainment.

MISS ISMAE C. SAGER AND HUGH J. POSNER MARRIED AT ST. PAUL CATHOLIC CHURCH, PASS CHRISTIAN

The wedding of Miss Ismae C. Sager, daughter of Mr. and Mrs. G. C. Sager, to Mr. Hugh J. Posner, son of Mrs. M. Posner, both of Henderson Point, was solemnized on Sunday, January 9, 1949, at St. Paul's Catholic Church, at Pass Christian, the Reverend Father J. J. Curley, officiating.

The bride, given in marriage by her father, wore a wedding dress of Skinner's satin, made in basque effect with a very full skirt, trimmed in bugle beads and seed pearls. Her veil of illusion was made in cap effect and trimmed with sprays of orange blossoms on either side of the head. She carried a mother of Pearl prayer book on which was a spray of white orchids and stephanotis.

She had as her matron of honor, her sister, Mrs. George Stolz of New Orleans and her maids were Miss Emily Saucier and Mrs. Herbert of New Orleans. The Junior bridesmaid was Mary Kelley, niece of the bridegroom and her sister Patricia Kelley was flower girl. All the gowns were of taffeta and all made alike in bouffant style. Mrs. Stolz was attired in forest green, Miss Saucier in aquamarine, Mrs. Herbert in American beauty, Miss Mary Kelley in shell pink and Patricia Kelley in white. They all carried shower bouquets of yellow roses and the junior maid and flower girl carried old fashioned bouquets of yellow roses.

Mr. Posner had as his best man his brother, Mr. Theodore Posner of New Orleans and the groomsmen were Mr. Sidney Mercader Jr. of Bay St. Louis and Mr. Raymond Larrieu uncle of the bride of New Orleans. The ushers were Mr. Martin Kelley of Henderson Point and Mr. Alvin Larrieu of New Orleans. The ring bearer was the bride's nephew, Dennis Stolz, of New Orleans.

Before the ceremony Miss Virgie Yarborough and Mr. Francis J. Hursey of Pass Christian sang "Prayer Perfect", "Heart of Jesus Heart", "Pans Angelicus", and "Ave Maria" accompanied at the organ by Miss Mary Hoffman.

The reception was held immediately after the ceremony at the bride's home. Mrs. Sager, attired in a steel gray dress worn with a blue millan hat and a corsage of white orchids was assisted in receiving by the mother of the bridegroom, who wore a blue printed dress, a green hat and a corsage of lavender orchids.

CARD OF THANKS

We wish to express our sincere thanks to all for the kindness and sympathy shown us at the death of our beloved Sister Cornelia. Gratefully SISTERS OF ST. JOSEPH.

MISS CYNTHIA ANN RICHARDSON AND MR. E. J. DOUSSAN MARRIED JAN. 8

Miss Cynthia Ann Richardson, daughter of Mr. and Mrs. William Phillips of New Orleans and Waveland and Mr. Edmond Joseph Doussan, son of the late Mr. and Mrs. Sidney Joseph Doussan of New Orleans, were married at Our Lady of the Gulf Catholic Church on Saturday, January 8, Rev. Father Edward P. Desmond, officiating.

The bride was given in marriage by her father and wore a champagne colored ninon gown trimmed in handdrawn lace and a short veil of illusion fell from a Juliette cap. She carried pale pink camellias and roses. She had as her only attendant her sister Mrs. Charles R. Knowles of Toronto, Canada who wore a beige crepe dress and a black satin hat trimmed in ostrich feathers. She

carried oyster white carysanthums.

Mr. Doussan had as his best man his brother Mr. Sidney Doussan. Ushers were Mr. William Philip Richardson, Jr., and Mr. Alva Howell, a nephew of the bridegroom.

An informal reception was held at the home of Mr. and Mrs. Duralde Claiborne in Waveland where Mrs. Richardson, the bride's mother, was receiving in a gray satin gown worn with black accessories and a corsage of pink camellias. Following the wedding trip the young couple will make their home in Waveland on Hoffman Lane.

—Mr. and Mrs. C. R. Beyer spent a short stay in New Orleans this week.

—Mr. and Mrs. L. D. Higgins, nee Miss Jean Brown, announce the birth of a son at the Kings Daughters Hospital on Saturday, January 8.

We wish to inform our patrons that it was necessary in the interest of public health that we close our bakery and confectionery at the time that scarlet fever struck our household.

As soon as the quarantine period is over we shall again reopen and be ready to serve our customers.
